

BACKGROUND

The "Bantay Kalusugan at Nutrisyon" is an extension program of the College of Nursing and Allied Health Sciences of Batangas State University Pablo Borbon in 2021. This extension program consists of webinar series in a Facebook Group that educate the attendees about prevention and treatment of both communicable and non-communicable diseases, such as COVID-19, diabetes, hypertension, stroke, HIV and AIDS, as well as addressing both nutrition-specific and nutrition-sensitive interventions. The participants of Bantay Kalusugan at Nutrisyon were able to participate in the Zoom webinars, answered pre-tests and post-tests, online games and open forum.
