

BATSTATEU FOREIGN STUDENTS

FY 2022

49

TOTAL FOREIGN STUDENTS

Foreign Students per Country of Origin Data Report

The university values diversity and fosters a welcoming environment for students from different cultural backgrounds. It actively promotes cross-cultural exchange and understanding among the student body. Foreign students enrolled at the university are predominantly from African and Asian countries. Specifically, 78% of the students hail from various African nations, while the remaining 22% originate from different Asian countries. As to the gender distribution, the student body consists of 65% male and 35% female. Moreover, a significant majority of 96% of these foreign students come from countries classified as low to lower-middle income economies.

47

foreign students from low to lower middle income countries assisted

Foreign students from Nigeria, Congo, Iran, Papua New Guinea, Angola, Rwanda and Somalia were assisted by the University in their visa application to stay and study in the country.
