

Student Union of BatStateU offers opportunities to improve student interactions

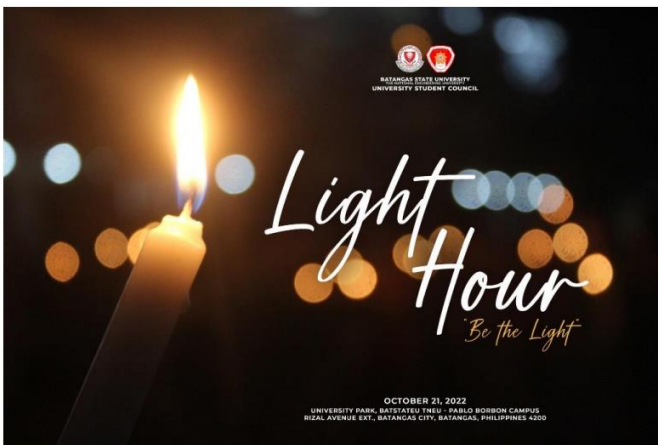

The Batangas State University Student Council implemented a broad project and activities for the year 2022 in order to consistently support the students in their journey through the University and provide opportunities to strengthen engagement with their fellow students.

These efforts and projects include things like creating online communities, founding leadership groups, running student support programs, promoting awareness through campaigns, and putting culture and arts programs into action.

The beginning of "We Are One, We As One 3.0," a legacy project of the University Student Council that is already in its third year of existence, is one of their efforts that they regard to be exceptional.

Selected university students received practical tools and equipment from USC for 2022. Additionally, USC coordinated the distribution of grocery

Consequently, USC also arranged a National Student's Day to highlight the importance of education and to remind students of their civic obligation and competence. This celebration gave us a chance to share the memorable experiences and tales of the kids. To motivate other students, various multi-media pieces were also created and distributed.

Additionally, USC carried out the "Light Hour 2022" project in order to lift students' spirits in the face of the many difficulties they have encountered. The aforementioned action was carried out by lighting candles, thinking, and praying. The participants are also reminded to assist their fellow pupils when they need it.

Moreover, the Spartan Awards 2022 were held in order to motivate student leaders. The activity aims to honor the dedication of the University's student leaders, including those from senior high school. During the occasion, other student leaders from the province were also acknowledged.

Cultural events, talent shows, and other student-focused recreational activities on digital platforms were among the additional activities run by USC.
