COMMUNITY OUTREACH ACTIVITIES CONDUCTED FOR 2022

"Bantay Kalusugan and Public Health for All"

September 30, 2022

The College of Nursing and Allied Health Sciences faculty extensionists conducted a quarterly monitoring of the recently conducted extension projects Bantay Kalusugan and Public Health for All, wherein they interviewed the Sama-Bajau beneficiaries in Sitio Bajauan, Brgy. Malitam, Batangas City, regarding their learnings after their trainings on WASH, family planning, first aid and integrated management of childhood illnesses.

Afterwards, they have implemented the first phase of the Adopt-a-SAM/MAM Feeding Program among moderately and severely malnourished children in Brgy. Wawa, Batangas City. They have also initiated nutritional assessment among the beneficiaries wherein the faculty extensionists measured the mid-upper arm circumference of the children. This project will be implemented until December 2022, with the goal of assisting these children to have healthy nutritional status

COMMUNITY OUTREACH ACTIVITIES CONDUCTED FOR 2022

"Blood Donation Activity of Students, Faculty and Employees of BatStateU-TNEU Alangilan; with Philippine Red Cross - Batangas Chapter"

October 19,20 and 21, 2022.

Student and employee volunteers, from Batangas State University-TNEU, Alangilan Campus, donated blood at the Philippine Red Cross (PRC) Batangas Chapter, on October 19,20 and 21, 2022.

The donors who participated in the blood-letting activity explained that blood itself is life, and saves lives; and the impact of the availability of a safe and adequate supply of blood products is indeed a great help for diverse patient groups.

Aside from the psychological benefit of being able to help others, donors also understand that donating blood is beneficial to their physical health. An additional benefit is that the donor gets tested for diseases, which is a requirement prior to blood donation.

The community outreach activity aims to encourage capable individuals to partake in the pursuit of saving lives.

COMMUNITY OUTREACH ACTIVITIES CONDUCTED FOR 2022

"Donation Drive for Victims of Typhoon Paeng"

November 3, 2022

The Office of the Vice Chancellor for Research, Development, and Extension Services - Pablo Borbon and Extension Service Office - Pablo Borbon initiated a DONATION DRIVE for the benefit of the victims of Typhoon Paeng. This was done in order to extend a helping hand to Filipinos who were unfortunately affected by the damages of the said disaster, even in most little ways. On top of that, the activity is a demonstration of compassion and camaraderie to families in dire need of assistance at such difficult times.
