SHELL LIVEWIRE AWARDING AND MOA SIGNING

To kick-off the Innovation Month celebrations in the university, the Center for Technopreneurship and Innovation in partnership with the Pilipinas Shell Foundation, Inc. and Batangas Federation of Multipurpose Cooperative (BAFEMPCO) held the ceremonial MoA Signing and Awarding of Start-up Support last September 1, 2022 at 5F Function Hall of STEER Hub Bldg. Batangas State University – Alangilan Campus.

The Shell LiveWIRE Program enabled the awarding of the startup support fund. A Php 200,000.00 support fund was given to the San Isidro Multi-Purpose Cooperative, Tulo Multi-Purpose Cooperative, and Malalim Multi-Purpose Cooperative to further support the operation. San Jose Sico Landfill Cooperative, Sagip Kasapi Foundation, Inc., and SIBBAP Multi-Purpose Cooperatives each received Php100,000.00.

As the host and partner of Shell LiveWIRE, Engr. Albertson Amante, VP for Research, Development and Extension Services welcomed the participants. Meanwhile, the Program Excellence Unit Manager, Ms. Raiza Cusi shared the initiation of the Shell LiveWIRE Program and its intense desire to serve the community in Batangas City. Mr. Edgardo Dimaano, Chairman of BAFEMPCO expressed his gratitude for the support and trust given to their organization. Also participating in the said gathering were Supervising Cooperative Development Specialist Ms. Marciana Dagus and SHIFT Terminal Operations Manager Mr. Marvin Ilagan.

The highlight of the event was the signing of Memorandum of Agreement between the above-mentioned innovation champions. This MoU signing significantly sealed their full support, as well as cooperation and collaborations in said program.

SHELL LIVEWIRE AWARDING AND MOA SIGNING

MAY 5-6, 2022

The first CTI-hosted face-to-face event after pandemic was held on May 5-6, 2022 for Shell Livewire's Design Thinking and Proposal Writeshop.

The 2-day face-to-face workshop was held at BatStateU STEER Hub participated by program beneficiaries,

- Malalim Multi-Purpose Cooperative
- Tulo Multi-Purpose Cooperative
- Soro-soro Multi-Purpose Cooperative
- OCVAS Cooperative - Development Division

The said event used a group interaction and intimate training method in an interesting technique as facilitated by the Center head, Asst. Prof. John Richard Esguerra.

Some of the topics discussed are the design thinking Framework, mindsetting, guidelines in writing for a proposal and some hands-on activities that add learnings further.
