“Mitigating Climate Change through Water Conservation Seminar”

An extension activity titled "Mitigating Climate Change through Water Conservation Seminar" was successfully organized for Barangay Nasi, Rosario, Batangas residents on December 1, 2022. This activity was initiated in support of the United Nations Sustainable Development Goals (SDGs), specifically focusing on Clean Water and Sanitation as well as Climate Action. The primary objective of this event was to enhance awareness regarding climate change and educate attendees on strategies to mitigate its impact through water conservation.

The project team oversaw the registration process prior to the commencement of the seminar. The event officially commenced at 0930H with an opening prayer, followed by an introductory address by Engr. Leoven A. Austria, the Officer-in-Charge Dean of the College of Engineering. The project team then introduced the esteemed guest speaker.

At 1000H, Engr. Diosa Marie Aguila-Aguirre, an Environmental Planner and HAPI Green Movement Ambassador delivered a comprehensive presentation on climate change. The discourse encompassed distinguishing between weather and climate, elucidating the greenhouse effect, addressing global warming, and outlining actionable measures for mitigating climate change through water conservation.

The invited resource speaker, Engr. Aguila-Aguirre presents the flow of her discussion and provides in-dept explanation of the topics.

The residents of Barangay Nasi actively engaged in the discussion, sharing insights on how they could contribute to climate change mitigation. Subsequently, a certificate of appreciation and a token of gratitude were bestowed upon the guest speaker by Engr. Leoven A. Austria, OIC-Dean of the College of Engineering, Engr. Maricel M. Lacbay, Head of the Environmental Management Unit (EMU), and Ms. Nelda A. Rosima, Head of the Extension Services Office (ESO). Lastly, Ms. Nelda A. Rosima delivered the closing remarks.

Following the seminar, the project team hosted a lunch for the guest speaker and participants at 1200H, providing an opportunity for further interaction and documentation through photography.
