## Philippine Red Cross awards BatStateU in recognition of most number of blood drives

On September 4, 2023, the Red Cross Batangas Chapter recognized the Batangas State University (BatStateU) for its significant contribution to blood donation efforts at the Aquamarine Recreational Center in Lipa City, Batangas.

BatStateU was awarded the “Barakong Bayani Award” for its sustained partnership with the Red Cross over 10 years. The university’s campuses have collectively organized numerous blood drives, resulting in the collection of over 5 million milliliters of blood. This invaluable contribution has directly supported the Philippine Red Cross Blood Campaign and helped save countless lives.

HEB 305 - BSU Pablo Borbon Campus

## BLOOD DONATION DRIVE

In partnership with Batangas Medical Center, the apex hospital of the CALBARZON region, the College of Medicine organized a life-saving initiative to support the community's health needs. A mass blood donation was held on September 22, 2023 at the Higher Education Building, Pablo Borbon Campus. Faculty, staff, and students of the university volunteered to donate blood to increase the blood products in the region. More than 40 participants willingly shared their blood in this activity.

## BatStateU The NEU Hosts First HIV/AIDS Screening

On March 31, 2023, the University, in partnership with Wagayway Equality, Inc. and Pilipinas Shell Foundation, Incorporated, conducted the first-ever Voluntary HIV/AIDS Screening and Counseling event, titled "Kulaydoscope."

The event provided free HIV/AIDS testing and counseling services. Additionally, it featured a discussion on Republic Act 11166, the Philippine HIV and AIDS Policy Act of 2018. The goal was to raise awareness, provide education, and facilitate access to treatment and support services for individuals affected by HIV/AIDS. The event also aimed to protect the rights and well-being of people living with HIV/AIDS and to reduce stigma and discrimination associated with the disease.
