Awarding of Certificates to the outstanding students who showed their talents in different categories of journalism.

Campus journalism empowers students by giving them a voice in their school community and opportunities to investigate and influence campus issues. Wawa Elementary School supports this mission by nurturing students' potential and promoting a culture of equal, quality education in a safe, motivating environment. On June 27, 2023, the College of Arts and Sciences faculty from Batangas State University conducted a journalism workshop at Wawa Elementary. Led by Ms. Elsie Montealegre and Mr. Robert Marrel Dela Vega, faculty members taught Grade 4 and 5 students news writing, broadcasting, editorial cartooning, and photojournalism.

The event began with a prayer and introductions, after which Mr. Dela Vega guided students through news writing and even had them role-play as newscasters. Ms. Lenie Ilao, a radio producer, taught broadcasting techniques and showcased voice-acting skills. Mr. Reymar Barcelon led a session on shading techniques in editorial cartooning, and students engaged in a fun activity recognizing anime images.

Mr. Dela Vega also presented photography tips, such as using the "rule of thirds." Ten outstanding students were recognized for their talents in various categories: Keisha Balla Cayabyab, Princess Cyrene Umandal, and Chaicka Angeli Villas excelled in news writing; Angel Alexa Bituin won first place in broadcasting, followed by Kevin Brian Amandy and Umandal. In editorial cartooning, Josh Emmanuel Bajar won with a creative piece on "lato-lato," and Rob Domenic Lagto was awarded best photojournalist. The event concluded with an awards ceremony and expressions of gratitude from the faculty.

EDUCATIONAL OUTREACH ACTIVITIES BEYOND CAMPUS

TITSER III (Teachers' Intensive Training on Specialized Education and Research III) The College of Teacher Education (CTE) upholds the University mandates of providing quality services among its clientele as it continuously commits to take part in any of the activities that sustained effective instruction, innovative research and relevant extension services. As such, for extension services, the College is engaged in the different activities to serve its stakeholders through the conduct of seminars, training/workshops, and others. Thus, the College of Teacher Education (CTE) and the Department of Education (DepEd) specifically Taysan District under the Division of Batangas province believe that with their well-planned and collaborative effort, mutual sharing of knowledge, expertise and skills, personal and professional growth among teachers will be developed and enhanced. In cognizant to the pressing needs and demands of teachers to calibrate their research interests and engagement, and coupled with the DepEd order on strengthening research culture among teachers and school heads, DepEd Order (DO) No. 16, s.2017, titled Research Management Guidelines (RMG), and DO 14, s.2022 to establish E-Saliksik, the official portal of education research, the college sees the need to extend its services and expertise by providing assistance through trainings and mentoring focused on specialized field of discipline to support them with this endeavor.

EDUCATIONAL OUTREACH ACTIVITIES BEYOND CAMPUS

LABORATORY SCHOOL OUTREACH ACTIVITY **"Fill a Backpack, Fill a Mind: A School Supplies Giving Activity"**

BatStateU Laboratory School outreach activity was held on May 22, 2023 at the Day Care Center, Brgy. Cumba, Lian, Batangas. Originally, the activity was schedule on May 12, 2023 but due to the bad weather it was reschedule. The activity started at 9:00 in the morning with an inspirational message from the Chairperson of the High School Department, Ms. Jingle G. Guevarra. Laboratory School faculty members decided to contribute a little budget for snacks for the beneficiaries of the activity. The beneficiaries received the school supplies kit. These school supplies kit includes writing pad, pencil, sharpener, crayons, eraser, and a coloring book. These were donated by the Laboratory School students.

EDUCATIONAL OUTREACH ACTIVITIES BEYOND CAMPUS

Basic Computer Literacy: Competency, Progress and Understanding

Batangas State University-TNEU Rosario conducted an extension activity entitled “Basic Computer Literacy: Competency, Progress and Understanding”. This aims to give a tutorial in terms of computer and digital literacy. This is in response to the request of the Rosario West Central School and the result of the needs assessment that there is a need to give attention to Microsoft Office literacy. This project is intended for pupils, parents, and teachers of RWCS. This aims to enhance their skills and learn new things about computers.

The seminar took place at Rosario West Central School on September 16, 2023, and aimed to provide digital literacy skills to grade 4 pupils of RWCS. The event was scheduled from 8:00 AM to 5:00 PM, and a planned program of activities guided the day’s proceedings.

The core of the seminar comprised a series of lectures led by Ms. Evelyn L. Serrano. These enlightening sessions covered fundamental aspects of digital literacy, including Basic PC Operation, Microsoft Word, Microsoft Powerpoint, Microsoft Excel, and Internet usage. Participants had the opportunity to gain in-depth insights to these crucial digital tools.
