

Sustainability Plan

Leading Innovations, Transforming Lives

- To create an office of sustainability and make sustainability a priority in the university operation.

D.1 On Environment

Goal: Reduce the greenhouse gas emissions of the campuses of the university to 25 percent below 2022 levels by 2029

Objectives:

- Avoid environmental harm of workplace practices, procedures, and material use while providing excellent facilities to meet the operational demands of the University
- Ensure that relevant university plans, policies and procedures consider best practices on environmental protection and conservation
- Apply measures and practices that will increase energy efficiency
- Apply appropriate technology to reduce power consumption
- Maintain a water-saving program on all campuses
- Improve waste management processes

Strategies and Responsibilities

Indicator	Targets	Strategies	Responsible Unit	Timeline
Reduced energy consumption across all campuses	In line with average consumption per capita/ facility	Monthly Reporting of energy consumption	Chancellors, Vice Chancellors, Directors, Energy Conservation Focal Person	2022 onwards
	Policies developed and implemented	Develop policies aimed at reducing energy consumption		2022 onwards
	Sub-meter installed to buildings and	Metering programs for building and		2022 onwards

	other facilities	other facilities		2022 onwards
	Annual energy audit	Schedule energy audits and implement identified projects		
	Energy reduction awareness program conducted in each CCs and the Central Administration	Develop and implement an energy reduction awareness program		
Reduced waste to landfill and increased haul of recyclable materials	5% reduction in waste to landfill per annum	Develop policies aimed at reducing waste	Chancellors, Vice Chancellors, Directors, Asst. Director EMU	2022 onwards
	Programs and policies implemented	Develop programs and policies that minimize resource and material demands of university activities		2022 onwards
Coordinated solid waste, recycling and reuse program within university facilities and service areas	5% decrease of solid waste generated	Monthly Reporting of waste to landfill and haul of recyclable materials		2022 onwards
Reduced amount of		Find other uses of		2022 onwards
